With approximately 75 dedicated employees, Aboriginal Legal Services is headquartered in Toronto and operates nearly a dozen satellite offices across Ontario. Over the years ALS has become a nationally recognized leader in the development of Indigenous-led justice programming and in test-case litigation. Indigenous People require equitable treatment in the justice system, access to the legal and related resources within the justice system, as well as understanding of the system and their options. The support required includes advocacy in all areas of the law as well as alternatives which can break the cycles of recidivism and dependency which is all too prevalent.
